Beverly Hills High School

Brag Sheet – Questions for Parents

Each year we ask our 11th grade students to complete a “Brag Sheet.” The counselors use the information on the Brag Sheet to learn more about the student. We often learn new things about the student that they had not shared with us before, and we incorporate this valuable information in letters of reference as we advocate for them throughout the college admissions process. We are also asking for parent comments and perspective. We would appreciate your assistance in responding to the following questions. This information will only be read by your child’s counselor and will assist in presenting an overall portrait of the student in the college admissions process. We thank you for your participation and response.

If you prefer, you may type your responses on a separate page.

1. Discuss any personal growth you have noticed in your child since entering high school. What would you say has been his/her greatest challenge? Please cite any specific examples.
