Moving the Needle: Affecting College Access for Underrepresented Groups

Session H3 (10:30-11:30am)  
June 15, 2017

Dave McDonald, Western Oregon University  
Owen Wolf, Pitzer College  
Anna Takahashi, Eastside College Prep
Who are we and what do we do?
How do we define access?
What are (some of) the barriers our students face in college access?
How do we advise and guide students, especially from underresourced communities, along the path from K-12 education to and through higher education?
What types of intentional programming revolving around access have been beneficial to our institutions? What would we like to see in the future?
How do we build meaningful and supportive relationships with underrepresented students before, during and after the college search process? How do we define such a relationship?
What are our next steps in our institutions? What are we going to do to move the needle?
